

# FIRE SAFETY AND EVACUATION

1. **IF POSSIBLE, save people who are in direct danger**
  
2. **Alert the fire service - CALL 1-1-2 or activate a fire pres-  
sure**
  - When the automatic fire alarm is activated, the Fire Department is on its way.
  
3. **Begin alerting others in the fire threatened area**
  
4. **Initiate evacuation to \_\_\_\_\_**
  
5. **Initiate rescue and fire fighting**
  - If possible and responsible
  - If it is not possible to put out the fire – try to **constrain** it by shutting doors and windows
  
6. **Receive the Fire Department – inform them:**
  - Is there any **injured** or persons that has not come to **safety**
  - Where is the fire
  - The extent of the fire
  - Where is the access roads
